# CHILD AND YOUTH INSURANCE

Most children are covered by accident insurance through their school or preschool, but it does not provide 24-hour coverage. The youngest children have no protection at all. At the same time, illness is the most common cause of serious injury.

Therefore, as a parent, you need to make an active choice and apply for a good 24-hour insurance policy that covers both illness and accidents.

# WHY USE OUR CHILD AND YOUTH INSURANCE?

Our Child and youth insurance policy covers both illness and accidents and provides compensation for various events in life – big and small. For example, if a child is hospitalized for a few days or get injuries that last the rest of their lives.

## HERE ARE SOME EXAMPLES OF HOW OUR INSURANCE COULD HELP

- SEK 500/day if the child is hospitalized
- SEK 1,500 if the child breaks a leg or arm
- 10% of the insurance amount in the event of serious illnesses and accidents, for example cancer
- Up to SEK 9,000 per month if the parent receives compensation from Försäkringskassan (national insurance office) for care of a seriously ill child
- Up to SEK 2,200,000 if the child is unable to work as an adult.
- Up to SEK 6,600,000 in the event of permanent injury.

You choose the insurance amount based on your needs and your wallet – SEK 600,000, 1,300,000 or 2,200,000. The insurance amount then determines how much compensation can be paid if the child suffers from a serious illness or has a serious accident.

You can apply for an insurance for children under the age of 18 and it can be maintained until they are 25 years old.
