ACCIDENT PLUS WITH HEALTH INSURANCE

You maybe have accident-insurance cover through your employer. Such insurances usually only apply when you're at your workplace, so it's important for you to have an insurance of your own that also applies during your leisure time and protects you in the event of both sickness and accidents. Did you know that permanent injuries caused by sickness are commoner than ones caused by accidents?

WHY OUR ACCIDENT WITH HEALTH INSURANCE?

See our insurance solutions, read the full terms and conditions, calculate prices and find contact details at www.dina.se

Our Accident Plus with Health Insurance covers both sickness and accidents, and includes many types of compensation for a variety of events, both major and minor, ranging from a few days' hospitalisation to permanent injuries affecting the rest of the insured's life.
