HEALTH AND ACCIDENT INSURANCE

You maybe have accident-insurance cover through your employer. Such insurances usually only apply when you're at your workplace, so it's important for you to have an insurance of your own that also applies during your leisure time and protects you in the event of both sickness and accidents. Did you know that permanent injuries caused by sickness are more common than ones caused by accidents?

WHY OUR HEALTH AND ACCIDENT INSURANCE?

See our insurance solutions, read the full terms and conditions, calculate prices and find contact details at www.dina.se

Our Health and accident insurance covers both sickness and accidents, and includes many types of compensation for a variety of events, both major and minor, ranging from a few days' hospitalisation to permanent injuries affecting the rest of the insured's life.

THE FOLLOWING ARE EXAMPLES OF HOW OUR INSURANCE CAN HELP

- SEK 500/day in the event of hospitalisation
- SEK 800 in the event of emergency hospitalisation
- 10 percent of the insurance amount in the event of serious illnesses, e.g. cancer
- Up to SEK 2,000,000 in the event of permanent injury or inability to work.

You choose your insurance amount yourself based on your needs and your wallet: SEK 500,000, SEK 1,000,000, SEK 1,500,000 or SEK 2,000,000. The maximum compensation payable in the event of serious injury or inability to work will depend on the insurance amount.

Insurances can be taken out between the ages of 18 and 55, and can be retained until the age of 67, after which we offer an accident insurance.
